

## Moon Doubles in Two for Dodger Win

By JOE REICHLER

Associated Press Sports Writer

The Los Angeles Dodgers have had a bigger lead than the six-game advantage they have in the National League race today, but the outlook for a World Series in Los Angeles was never brighter.

Why? Because their confidence is high after Sunday's 5-3 victory over San Francisco gave them a three-game lead on the edge over their hated California rivals in their most important series of the season so far.

Because the Dodgers have only 27 games left to play, of which 15 are at home.

Because both the second-place Cardinals and the Giants, now 7½ games behind, have only three more games apiece with the league leaders. Nothing less than a sweep by both St. Louis and San Francisco would figure to disrupt the Los Angeles march toward an October meeting with the Yankees.

St. Louis clung to its slim hopes by defeating the Philadelphia Phillies 7-3. Pittsburgh downed Cincinnati 6-4. Chicago edged Houston 4-3 and the New York Mets downed Milwaukee 6-4 in 16 innings in their NL games Sunday.

The Yankees advanced closer to the American League championship with a 5-4 triumph over Baltimore. Chicago, 12 games behind, strengthened its second-place hold with an 8-5 triumph over Minnesota. Kansas City edged Los Angeles 7-6. Boston nipped Washington 4-3 in 10 innings and Cleveland swept a doubleheader from Detroit 4-3 and 3-1.

The Giants, who had won a 12-inning squeaker Saturday night after losing the first two games to Los Angeles, took a 3-2 lead going into the eighth inning Sunday. Harvey Kuenn's sixth inning home run had snapped a 2-2 tie.

When Jim Gilliam singled to open the Dodger eighth against southpaw Billy O'Dell, San Francisco Manager Al Dark called upon right-hander Don Larsen for the third straight day. Tommy Davis singled Gilliam to third and, after Frank Howard fanned, Wally Moon batted for Ken McMullen and doubled both runners home. Ron Fairly another pinch hitter, followed with a single to add an insurance run.

The Giants threatened in the ninth but Johnny Podres came in to retire three batters, including Willie Mays, leaving the potential tying run stranded. Mays had driven in the first Giant run with

## McKinley to Find Answer to His Back

By WILL GRIMSLEY  
Associated Press Sports Writer  
FOREST HILLS, N.Y. (AP)—The answer comes today to the question of Chuck McKinley's \$50,000 backache.

Is the injury serious enough to jeopardize his bid for the National tennis championship? Is it likely to puncture America's booming hopes of recapturing the Davis Cup?

The nation's No. 1 player, holder of the Wimbledon crown, is scheduled to meet Czechoslovakia's Jiri Javorsky in the second match of the West Side Stadium program, starting at 12 noon EST.

"I intend to play if I have to hold the racket with both hands," said McKinley.

The chunky cannonballer from San Antonio, Tex., tore a muscle in his back Saturday in the first set of his opening match against Eduardo Zuleta of Ecuador. Only nerve and determination brought him through to a five-set victory.

If McKinley were forced to default, it is estimated the tournament sponsors would be hit to the tune of about \$10,000 loss at the gate. It's worth about \$50,000 to a country which reaches the Davis Cup challenge round, and America's hopes rest largely with McKinley.

McKinley's health also became a larger factor in America's chances of winning the men's singles championship, an Australian monopoly since 1955, because of the unimpressive play Sunday of Dennis Ralston.

Ralston, seeded No. 3 behind McKinley and Australia's Roy Emerson and a strong title hope, gave a loose and uninspired performance in beating Richard Sorlein, a 39-year-old Philadelphia lawyer who plays only on weekends, 6-2, 8-10, 6-1, 7-5.

## Bobcats Practice Under Lights for Opener

By CARTER HARDAGE

Hope Star Sportswriter

Friday night the Bobcats had a scrimmage at Hammons Stadium. The first team defense took on the first team offense. To be fair about it, nobody really won. On the whole, everyone did well. Although there were a few broken plays and a few runners may have slipped through some fingers everybody seems to have gained something from this first game under the lights.

White, the offensive first team, was composed of first and second stringers who do not regularly play defense. Red was the defensive first team.

Since there were to be no kick-offs, White started out with the ball on their own 35-yard line. After the three downs, Jordan punted to the Red 20, where a fair catch was made. Red was able to make one first down, but then lost the ball on downs at their own 44. Burnett took the ball through the line to the 34 and a first down. After a vain for another first down by White Red took over the ball on their own 25.

Here Mutt Wassell did a little fancy stepping to the 45 and another first. McLarty went into the line for two and on the next play Richard McDowell broke into the open and started galloping for pay dirt. He was overtaken, however, at the 4-yard line and dragged earthward by Virgil McNatt. On the next play, McDowell crashed over guard to come to rest on the 1-foot line. Then lay, Red quarterback Mac McLarty plowed over for the touchdown.

On the next series of White plays, nothing was accomplished and the ball was punted out to the Red 21. The quarter passed. On Red's first play, the halfback received the ball to go around the end, where he was met by White tackle Paul Guerin, who came crashing in with a tackle heard across the field. He immediately fumbled, and Guerin covered the ball. There followed a series of uneventful downs, after which Red took possession on their own 25. On the first play, McLarty kept the ball for ten yards and the first down. After two incomplete passes, Mac again held on to the ball for a down that carried him to the White 45.

On the next play, White inter-

cepted a pass and brought the ball back to the 37. From there they could make no headway and consequently had to give up the ball. Jordan punted to the 27. In two more plays, McDowell took the ball 47 yards for a TD, but it was called back because of a penalty. White took over but was unable to make any progress before halftime.

Red received possession of the ball after the half, but, unable to move, punted to White's 18. On the next play, Jerry Waller, White's fullback, took the ball out to the 30. Then, given the ball again, Waller, slipping through the clutches of several defenders, sped to the 25. Here, however, White stalled and Red gained possession on downs.

Wassell and McDowell then proceeded to work the ball out to their own 47 in a number of plays, only to have it lost to White on a fumble. The fourth period began.

Unable to move, White punted to the 10. Red also could get no drive going, so they punted to the 39. On the next play there was a penalty, and White got the ball, first and ten on Red's 27. Waller carried the ball four yards and on the next play halfback Johnny Samuels went all the way to the 13. Burnett reached the 7 and then quarterback Buddy Jordan passed to halfback Burness for the touchdown.

On the next play, Red quarterback McLarty kept the ball and went around end for sixty-five yards and a touchdown. After White received the ball, they immediately fumbled to give Red possession deep in their territory. McDowell was able to reach the 25 and McLarty then went on in to the 13. McDowell again took the ball and not to the 11. McLarty then barreled in to the 3, and on the next play, carried it in for the touchdown.

When they again got the ball, White could do nothing with it and had to forfeit it to Red. On second down, McLarty passed to Mutt Wassell, who made a quite a run to the 45, but was to no avail, the game was over.

Although Red had made two more TD's than White, we were later to understand that White had been spotted twelve points, so everybody came out even.

## Excitement in Holiday Classic

WAUKEGAN, Ill. (AP)—A 90-foot putt that had to break 10 feet dropped for Gary Player.

A booming 235-yard three-wood to within eight feet of the pin brought an eagle 3 for Arnold Palmer.

Two wedge approaches four feet from the cup gave Jack Nicklaus birdies.

This was the main first round excitement Sunday in the \$50,000 extravaganza for the trio called the Holiday Golf Classic.

The 36-hole affair winds up today at the 6,382 yards, 35-35—70 par Glen Flora course.

Palmer and Player were tied with 67 and Nicklaus had 68 after the first round Sunday.

The exhibition match is a station stop to Akron for leading money winner Palmer and PGA-Masters champion Nicklaus. They will compete there this weekend against U.S. Open finalist Julius Boros and British Open champion Bob Charles in the World Series of Golf. The winner gets \$50,000.

## Home Runs by Mantle, Thresh Win for Yanks

By JIM HACKLEMAN  
Associated Press Sports Writer

If anyone has any doubts about just how well off the New York Yankees are, have him consider this—they have a switch-hitting slugger playing center field for a switch-hitting slugger.

The party of the first part is Tom Tresh, a youthful jack-of-many-positions who has been in center for the American League front-runners in place of the party of the second part, injured superstar Mickey Mantle.

Game-legged Mickey and versatile Tom combined Sunday for a burst of home runs that powered the Yankees over Baltimore 5-4. Tresh smacked one right-handed against southpaw Mike McCormick in the seventh inning for the Bombers' first run, then each connected with a man on in the eighth—Mantle as a pinch hitter against McCormick and Tresh batting left-handed against right-handed reliever Dick Hall.

The victory kept the Yankees 12 games ahead of the Chicago White Sox, who strengthened their hold on second place by whipping Minnesota 8-3 with the aid of four unearned runs.

Also in the AL—the hitting of Mike de la Hoz and Woodie Held led Cleveland to a sweep over Detroit, 6-3 and 3-1; Ed Bressoud's single in the 10th inning brought across Boston's winning run in a 4-3 decision over Washington; and Jose Tartabull's triple and a bases loaded walk keyed a four-run ninth inning that gave Kansas City a 7-6 squeaker over Los Angeles.

The Los Angeles Dodgers played six games in front in the National League, beating San Francisco 5-3, St. Louis' second-place Cardinals trimmed Philadelphia 7-3; Bill Virdon's grand slam with two out in the last of the ninth lifted Pittsburgh over Cincinnati 6-4; Tim Lincecum's 16th-inning homer enabled the New York Mets to down Milwaukee 4-2; and the Chicago Cubs edged Houston 4-3.

Tresh was the Yankees' shortstop last season until Tony Kubek returned from the Army, then he became the regular left fielder—and wound up the league's Rookie-of-the-Year. He started in left this season but has spent most of his time in center as a replacement for Mantle, who's been out of the regular line-up since June 5 with a broken left foot followed by knee trouble.

McCormick shut out the Yanks on four hits before Tresh opened the seventh with his 22nd homer.

### Mick Would Rather Be in Lineup

BALTIMORE (AP)—Pinch homer heroics are all right, you understand, but Mickey Mantle would rather be in the starting line-up.

And, the superstar of the New York Yankees may get his wish sometime this week.

"You may wake up tomorrow and see him in the line-up," Yankee Manager Ralph Houk said Sunday after Mantle's two-run pinch homer ignited a four-run eighth inning rally which gave New York a 5-4 decision over the Baltimore Orioles.

Mantle has been out of the Yankee line-up since June 5. He broke a bone in his left foot when his spikes caught in the wire outfield fence at Baltimore's Memorial Stadium.

The foot has healed, but a loose cartilage in Mantle's left knee has kept him on the sidelines.

By the time he reached the plate, the ovation drowned out the needless formal public address announcement that Mantle was batting for pitcher Tom Metcalf.

Mickey swung at the first pitch from lefty Mike McCormick, and the ball cleared the left field fence—a drive of some 400 feet. The crowd went wild. Mantle grinned as he rounded the bases. The two-run homer by Tom Tresh which won the game was anti-climactic.

The modern bishop of chess was an elephant in the East. In France it became a jester; in Germany, a runner.

The Orioles got the run back in the last of the inning making it 4-1, but it wasn't enough for the Tresh-Mantle combo.

Mantle batted for rookie reliever Tom Metcalf in the eighth after a one-out single by Cleo Boyer and homered, then Tresh connected again following a two-out single by Bobby Richardson. Hal Reniff saved Metcalf's first big league victory, retiring the final six Orioles in order.

Yankee starter Ralph Terry was tagged for the first three Baltimore runs in the third, two of them riding in on John Orsino's homer.

### Indianapolis Downs Travs on 3-Hitter

LITTLE ROCK (AP)—Left-handed Frank Kreutzer threw a three-hitter Sunday as Indianapolis defeated the Arkansas Travelers 6-1 in the Travelers final International League series of the season.

In other International League games Sunday Columbus beat Atlanta 6-4 in the first game and Atlanta took the second game 1-0; Richmond defeated Toronto 1-0 in the first game and the Maple Leafs won the second 3-2; Syracuse beat Rochester 6-4 and 7-4 in their double header and Jacksonville defeated Buffalo 5-4 in a single game.

Catcher Al Kenders ruined a no-hitter for Kreutzer in the fifth inning when he got a single for the first Arkansas hit.

Arkansas' only run scored in the seventh on two singles, a wild pitch and an infield out by Kenders.

Indianapolis scored three runs in the third on four straight singles with two out and an error by Johnny Upham. They iced the game in the sixth on a two-run homer by Charlie Smith.

## Holiday Death Toll Soars to a New Record

By THE ASSOCIATED PRESS

Traffic deaths during the long weekend soared to a record high for any Labor Day holiday period. The count reached 545 including belated reports, for the holiday weekend that began at 6 p.m. (local time) Friday and ended at midnight Monday. The previous high was 501, set during the Labor Day observance last year. The slaughter on the highways during the holiday was marked by several multiple-fatal accidents, including six in Michigan. The worst accident occurred Monday when 10 persons lost their lives near Dayton, in southeast Texas. The Labor Day holiday traffic total marked the third record toll for this year's three major spring and summer holidays. The 159 persons killed on Memorial Day was the highest for a one-day Decoration Day holiday. During the four-day Independence Day holiday, 557 persons lost their lives in traffic accidents, a record for a four-day Fourth of July weekend. In addition to the traffic deaths during the Labor Day holiday, 20 persons lost their lives in boating accidents and 46 others drowned. The over-all accident death toll was 600.

## President Admits Rights Stand May Lose Him South, Possibly Other Parts of U.S.

### Arkansas Man Killed in Texas

KENEDY, Tex. (AP) — George Everett Mumme, 21, formerly of North Little Rock, Ark., was killed Monday when his car skidded off U.S. Highway 90 near here and overturned. The Highway Patrol said the car overturned on a rough shoulder. Mumme who played football at North Little Rock High School, had attended the University of Texas for three years and was on his way to Dallas to attend the university's Southwestern Medical School.

## Ex-Queen Takes Pills, Is Conscious

VENICE, Italy (AP) — Ex-Queen Alexandra of Yugoslavia regained consciousness today for the first time since she was hospitalized Sunday night with an overdose of sleeping pills.

A nurse said Alexandra's first conscious words were: "I am glad to be alive. I thank the doctors for what they have done."

Doctors reported considerable improvement in her condition but still expressed reserve over whether the 42-year-old cousin of Britain's Prince Philip would recover.

The wife of former King Peter II was brought to the hospital from the villa of her mother, Princess Aspasia of Greece. Police said she had taken 16 sleeping pills.

Peter, who arrived from Paris Monday, told newsmen he could not explain why Alexandra took the pills.

Alexandra and Peter were wed in London in 1944. Peter filed for divorce in 1953 but they were reconciled in 1955. They have lived apart most of the time since then.

## Says Russia Will Test Some Way

WASHINGTON (AP) — Gen. Maxwell D. Taylor has told senators the Joint Chiefs of Staff assumed, in supporting the limited nuclear test ban treaty, that the Russians "would attempt clandestine testing of some sort."

This was disclosed today when the Senate Foreign Relations Committee made public heavily censored testimony taken behind closed doors from Taylor, chairman of the Joint Chiefs, and Gen. Curtis E. LeMay, Air Force chief of staff.

Taylor testified he thought the temptation to cheat would be in atmospheric tests of small tactical weapons or other small tests that would be difficult to detect and from which information could be gained to apply to antimissile missiles.

"But it is in this field that you feel we are very well prepared ourselves, is it not?" asked Sen. J.W. Fulbright, D-Ark., the committee chairman.

"Well," Taylor replied, "it is in this field where I don't think the gains that might come from this kind of testing would have any great bearing upon our relative position."

The treaty, approved by the committee last week by a 16-1 vote, would ban nuclear tests in the atmosphere, in space and under water but not under ground.

## Encyclical May Set Mood of Reign

VATICAN CITY (AP) — Word in Vatican circles that Pope Paul VI is working on his first encyclical brought speculation today that it may set the mood of his entire reign. This was the case in the first letter of Pope John XXIII in 1959.

The encyclical is said to be on the relationship between the Christian truths and the scientific intellectual concepts of modern culture. The encyclical—a letter to all Roman Catholic bishops—is not expected to be released before November or December.

Some here see special importance attached by the Vatican to the Pope's address last Sunday on the need of laymen to make Christianity valid. They suggest that an encyclical on modern culture might focus the reign of Paul as one of dedication to Christian laymen.

By CORNELIUS F. MURLEY  
HYANNIS PORT, Mass. (AP) — President Kennedy says he knows he is not the most popular political figure in the South because of his civil rights stand.

Kennedy said in a nationwide filmed television interview Monday night he lost some Southern states in 1960 and may lose more in the 1964 presidential election. And he suggested that his position also may have cost him support in the North.

The President said his civil rights stand "has caused a good deal of feeling, I suppose, against the administration in the South—also, I suppose, in other parts of the country."

"I am not sure that I am the most popular political figure in the South but that is all right," he said.

The President was interviewed by Walter Cronkite of the Columbia Broadcasting System for the inauguration of a half-hour "CBS Evening News" program.

Kennedy will grant a similar interview to the National Broadcasting Co. next Monday night.

Kennedy planned to return to Washington today after a Labor Day weekend that started last Thursday at the summer White House on Cape Cod.

Earlier, the White House had indicated Kennedy might remain at Hyannis Port until Wednesday. A new school desegregation crisis in Alabama apparently was a factor in his return today.

The President said in the television interview that the civil rights situation obviously will be an important issue in the next election but he hopes both Republicans and Democrats will commit themselves "to the same objective of equality of opportunity."

The President touched on a number of other subjects, including:

THE ECONOMY: He said there is "no magic solution" to unemployment, but an \$11-billion tax cut and other programs he has proposed would help prevent an increase in the unemployment rate.

TEST BAN: It would be most desirable if the limited nuclear test ban treaty gets strong support from the Senate. And "if the treaty is not substantial enough to stand discussion and debate, then of course it isn't a very good treaty."

## Faubus in Criticism of U.S. Policy

RECTOR, Ark. (AP) — Gov. Orval E. Faubus criticized Monday this country's policies of limited military aid in Laos. "I'm against sending our fighting men to foreign countries and having them shot down and the government saying nothing and doing nothing," Faubus said.

"I strongly suggest that we quit sending fighting men overseas if we don't send our entire strength," he added.

Faubus spoke to almost 3,000 at Rector's annual Labor Day picnic. Faubus lashed the U. S. Supreme Court for its decisions involving religious and integration.

"It seems to me that when the Supreme Court makes a decision these days, it is always in favor of the atheist or offers a comfort to the Communists. It seems like these days a good, God-fearing white man doesn't have a chance in the Supreme Court."

Faubus said the only way for the federal government to make integration work is to "set up a police state and cram the Supreme Court's rulings down the people's throats with bayonets."

He said there were too many people in Washington with big ideas and undersupply of people to make ideas workable.

## Urges Tax Cuts Immediately

NEW YORK (AP) — Gov. Nelson A. Rockefeller of New York urged big and immediate tax cuts and a program to protect the nation's gold supply.

He made the proposals Monday night in a statement criticizing President Kennedy's fiscal policies.

Rockefeller accused Kennedy of using "tardy half-measures" to combat unfavorable international balance of payments that could cause "a crisis of confidence in the dollar."

He said that letting things continue as they are could bring on a worldwide depression, and added: "Timid tinkering with this problem of international payments is a luxury we cannot afford."

## Prehistoric Bones Found at Saratoga

JOHN GRAY, HOPE, EMPLOYEE OF THE ARKANSAS HIGHWAY DEPARTMENT, is shown with some bones, possibly of a prehistoric creature, which he found last week near Saratoga. The bones, six in all, appear to be the vertebrae of some reptile or dinosaur that roamed the earth millions of years ago. They fit perfectly and are well preserved. SOME SIMILAR BONES WERE FOUND BY WELDON FULTON in the Blevins area a couple of years ago. Mr. Gray found these bones uncovered by a wash at the side of the highway at Saratoga.

## Photographer Joins Staff at Shipleys

Mrs. and Mrs. Clyde Davis of Hot Springs are now associated with Shipley Studio in Hope, Ark. Mrs. Davis studied at Brooks Institute of Photography in Santa Barbara, Calif., and was recently with Davis Studios in Hot Springs and Benton.

Both attended Arkansas Tech at Russellville and are members of the Methodist Church.

Rosa Harrie, owner of Shipley's said she is delighted and fortunate to have professional photographers with the vast experience of Mr. and Mrs. Davis associated with the Shipley Studio.

Col. Carl T. Schooley, of Hope, is in critical condition in William Beaumont Army Hospital at El Paso (Fort Bliss), Texas following a series of operations. He is the son of Mrs. J. E. Schooley and the brother of Mrs. Thelma Moore of Hope.

Mr. and Mrs. Henry Green left this weekend for the East Coast from where they will go to an assignment with the U. S. Information Agency in East Africa. They have been visiting Mrs. H. G. Green, returning from Taiwan.

Mary Hamm of Mary's and Lyle Mae Williams of Lucy's Beauty Shop spent three days this past weekend at a hair fashion show in Memphis.

Mary Lewis and Mary-Charles Horton left last week for League City, Texas to teach in the Clear Creek School District this fall.

Three coaches are needed for Little League football teams. If interested please contact Charles Gough.

## Youths Riot at Resort Spots

HAMPTON BEACH, N.H. (AP) — Thousands of young persons at this Atlantic Ocean vacation town and three other resort areas across the nation apparently have established a new sport to be played at summer's last gasp.

It's called Labor Day weekend rioting and more than 400 arrests at Hampton Beach, Seaside, Ore., Ocean City, Md., and Lake George N.Y. attest to its popularity.

The rules are simple: dress casually show contempt for authority, snake dance in the streets, throw rocks, bottles and firecrackers and drink too much.

In Los Angeles, Evangelist Billy Graham said "these outbursts of teen-age revolt are the result of youth's futile search for purpose and meaning" to life.

"They are trying to find it in sex," he told a revival meeting, "but when they become satiated with love making, they turn to violence."

## Motorists Cautioned of School Buses

Starting today and by Thursday all school buses, some 45 to 50 in Hempstead, will be in operation, transporting some 5,000 of the county's 8,000 students to and from school for the next nine months. Each bus travels from 30 to 60 miles per day. In the past 33 years only one child has been fatally injured while getting off a school, this occurring at Fulton on Highway 67, according to Supt. James H. Jones.

The State Police asks the cooperation of the public in trying to keep this near perfect record. State Police Lt. J. H. (Pod) Porterfield, lists the following state law:

"When such school bus vehicle stops, every operator of a motor vehicle or motorcycle approaching the same from any direction shall bring such motor vehicle or motorcycle to a full stop before proceeding in any direction; and in the event such school bus vehicle is receiving and or discharging passengers, the said operator of such motor vehicle or motorcycle shall not start up or attempt to pass in any direction until said school vehicle has finished receiving and or discharging its passengers."

## Mrs. Belle Eason, 79, Dies Today in Local Hospital

Mrs. Belle Eason, aged 79, lifelong resident of Hope, died today in a local hospital. She was a member of the Christian Church. Survivors include three sons, Willard of Orderville, La., Joe of Pine Bluff, Milton Eason of Hope; four daughters, Irene Eason of Hope, Mrs. Charles Pupprowsky, Washington, D. C., Martha Jane Eason of San Antonio, Texas and Mrs. Allen Gardner of Burbank, Calif.

Services will be at 3 p. m. Wednesday at Herndon-Cornelius Chapel by the Rev. Clyde Goddard and the Rev. Raymond Franks.

## Schools Open

LITTLE ROCK (AP) — The Pulaski County (Rural) School District was to begin school today with 18,000 children expected to enroll for the 1963-64 school term. Little Rock schools opened last Friday. North Little Rock schools are to open Thursday.

## U.S. Retaliation Risked, Wallace Remains Defiant

By RED THOMAS

TUSKEGEE, Ala. (AP) — Gov. George Wallace, risking federal retaliation, kept the Tuskegee Public School closed by force today despite the local school board's reluctant willingness to obey a federal court desegregation order.

Helmeted state troopers, redoubled in strength and supported for the first time by mounted sheriff's deputies, kept students and teachers out of the school to enforce the governor's orders to postpone the start of the fall term until next Monday.

Students in the consolidated elementary-high school were turned back as they approached the building for the second straight day, even though the Macon County Board of Education said that as far as it was concerned the school was open.

Thus the 12-grade school was ready for the return of pupils from the summer vacation, but the 215 armed state troopers surrounding the building refused to let them in.

Col. Al Lingo, commanding the troopers, said only Principal E.W. Wadsworth would be admitted to the building.

Even teachers were turned away because, Lingo said, "school is closed and they have no business in there."

Wallace issued a strongly-worded executive order directing the school board to postpone the start of fall classes in the one school Monday because of what he called the threat of violence.

The previous white Tuskegee school was the only one in Macon County ordered desegregated at this time and the only one affected by Wallace's order.

The mounted sheriff's deputies came here from Dallas County under the command of sheriff Jim Clark. The trained horsemen have been used previously to keep order during racial demonstrations in other cities.

There was no indication of federal intervention.

A Justice Department spokesman said Monday that "the dispute is between Gov. Wallace and the local school officials."

Wallace intervened Monday two hours before 13 Negroes were to enter the white public school. It would have been the first desegregation in Alabama schools below college level and it would have left Mississippi as the only state with a completely segregated public school system.

The governor sent 108 armed troops to the school.

## Notes From County Agent C. Caldwell

Members of the Hempstead county Farm Bureau will hold their annual picnic on Saturday night, September 7, at 7 o'clock. The menu will be potluck and is to be held at the Southwest Branch Experiment Station recreation area. Bring the family and meet your fellow Farm Bureau members.

AKS 614 Sorghum  
The new hybrid resistant grain sorghum, AKS 614, has been tried in Hempstead county. Only 55 pounds of the seed were available to farmers this year. The grain sorghum was planted by Calvin Hare, Charles Salisbury and Virgil Brown. All have reported that they liked the crop and that birds have not damaged the grain.

Ruel Nester, Extension Agronomist, will visit the county on Wednesday of this week to assist in evaluating some of the sorghum.

Fertilizer  
Did you ever wonder how much fertilizer was used in Hempstead county? Here are the figures just released for the period beginning July 1, 1962 through June 30, 1963. Straight materials such as potash, nitrogen and phosphate 728 tons, mixed fertilizer such as 10-20-10 and approximately 4,500 tons of lime.

Fair Dates  
Fair dates that you should be interested in are as follows: Four States Fair, Texarkana, September 16-21; Third District Livestock Show, September 23-28; Arkansas Livestock Show, Oct. 1-3. If you need catalogues for the Third District Livestock Show, contact Ray Purdie, Manager of the show.

## Charges Police 'Lynch Mob' at Plaquemine

PLAQUEMINE, La. (AP) — James Farmer of Chicago, national director of the Congress of Racial Equality, says a "lynch mob made up of law enforcement officers broke up a Negro demonstration in Plaquemine."

Farmer, who has been leading a campaign against alleged discrimination in this town on the Mississippi River delta, told a news conference in New Orleans Monday: "Police did not break up the demonstration but pursued demonstrators into churches, homes and any shelter they sought."

He said Plaquemine was "a city under siege," and added, "I have never seen such police treatment in Mississippi or Alabama."

Tear gas, fire hoses and mounted policemen smashed the demonstration Sunday night, firing tear gas into a church that was headquarters for the Negroes.

Maj. Ben Ragusa, commanding state troopers who reinforced Plaquemine's police force, said no force was used except tear gas. He said Negroes were throwing bricks before troopers went into the church and that 20 of his men were hit.

In Washington, the Justice Department said it was sending additional FBI agents to Plaquemine, 20 miles south of Baton Rouge, to investigate Farmer's charges.

## Faint Comet Discovered Near Sun

GREENBELT, Md. (AP) — The Goddard Space Flight Center said today that a faint comet has been discovered near the sun.

The center said a Belgian astronomer, Dr. Francois V. Dossin of Liege, discovered the comet July 20 during the total eclipse of the sun.

The center, a part of the National Aeronautics and Space Administration, said faint comets never before have been detected because the tremendous brilliance of the sun's visible disc prevented ground observation of the space near the sun where such comets brighten sufficiently to become visible.

"When the moon passed in front of the sun this summer, observations became possible to within a few degrees of the sun," Goddard said.

"Some scientists have theorized that there are many such faint comets as yet unseen to observers."

"If this is correct, the discovery will be an important contribution to the understanding of the comets and their role in formation of the solar system."

## Forest Fire Hits Near Benton

BENTON, Ark. (AP) — A forest fire destroyed 20 acres of trees and threatened several homes near Benton Sunday before 50 volunteer firefighters brought it under control.

The Benton Fire Department didn't have enough water in trucks Sunday to effectively fight the fire. Volunteers beat the flames out with gunny sacks and used garden hoses to wet down the area and contain the fire.

Several firefighters suffered bee stings. No other injuries were reported.

and riot-trained patrolmen to circle the school and enforce a strongly worded executive order which postponed the opening of school for one week.

However, the Macon County School Board, under federal court order to integrate its schools this year, defied Wallace's order and said in a statement, "The members of the board determined their primary duty is to operate the schools of Macon County. Therefore, all schools of Macon County are open as originally scheduled by the board."

The possibility of federal intervention was strengthened by the presence of John Doar, deputy director of the Justice Department's civil rights division. Doar conferred for several hours with members of the board but declined to say what the Justice Department planned.

In Washington, Atty. Gen. Robert F. Kennedy cut short a holiday to return to work when he received word of Wallace's executive order.

Wallace himself did not appear in Tuskegee, but sent six of his top aides to act in his behalf. The governor was in north Alabama on a Labor Day speaking tour.

The 108 state troopers ringed the tree-studded campus all Monday morning, diverting traffic and allowing only members of the school staff to get to the building. They dispersed shortly after 3 p.m. but returned to spend the night at the school.

Early today the force had swelled to 215 uniformed patrolmen plus local police help from several surrounding towns.

Wallace also ordered the Huntsville school board to delay start of school until Friday. One of its schools also was to have accepted Negroes today. The board voted to comply with the governor's order.

Three schools at Birmingham and one in Mobile also are under federal court orders to admit Negroes this week.

## Ga. Student Discloses Marriage

NEW YORK (AP)—Charlayne Hunter, first Negro girl to attend the University of Georgia, has disclosed she secretly married a white student at the university and they are expecting a child in December.

Her husband, Walter Stovall, 25, of Douglas, Ga., said his father George a chicken feed manufacturer greeted news of the marriage with the comment, "This is the end of the world."

The couple announced their marriage Monday after Stovall's arrival here. He worked this summer as a reporter for the Atlanta Journal.

Mrs. Stovall, 21, said they were married last spring while both were attending the university. She graduated in June.

Stovall declined to give the exact time and place of the wedding but said it was in the North and they spent their honeymoon "on the turnpike."

He said his parents maintain contact with him but refuse to talk about his wife.

The couple kept the marriage secret because Stovall had to spend the summer in Atlanta and, according to his wife, they did not want to add difficulties for him.

She said her friends accepted the romance. But Stovall said his "weren't exactly comradely about it."

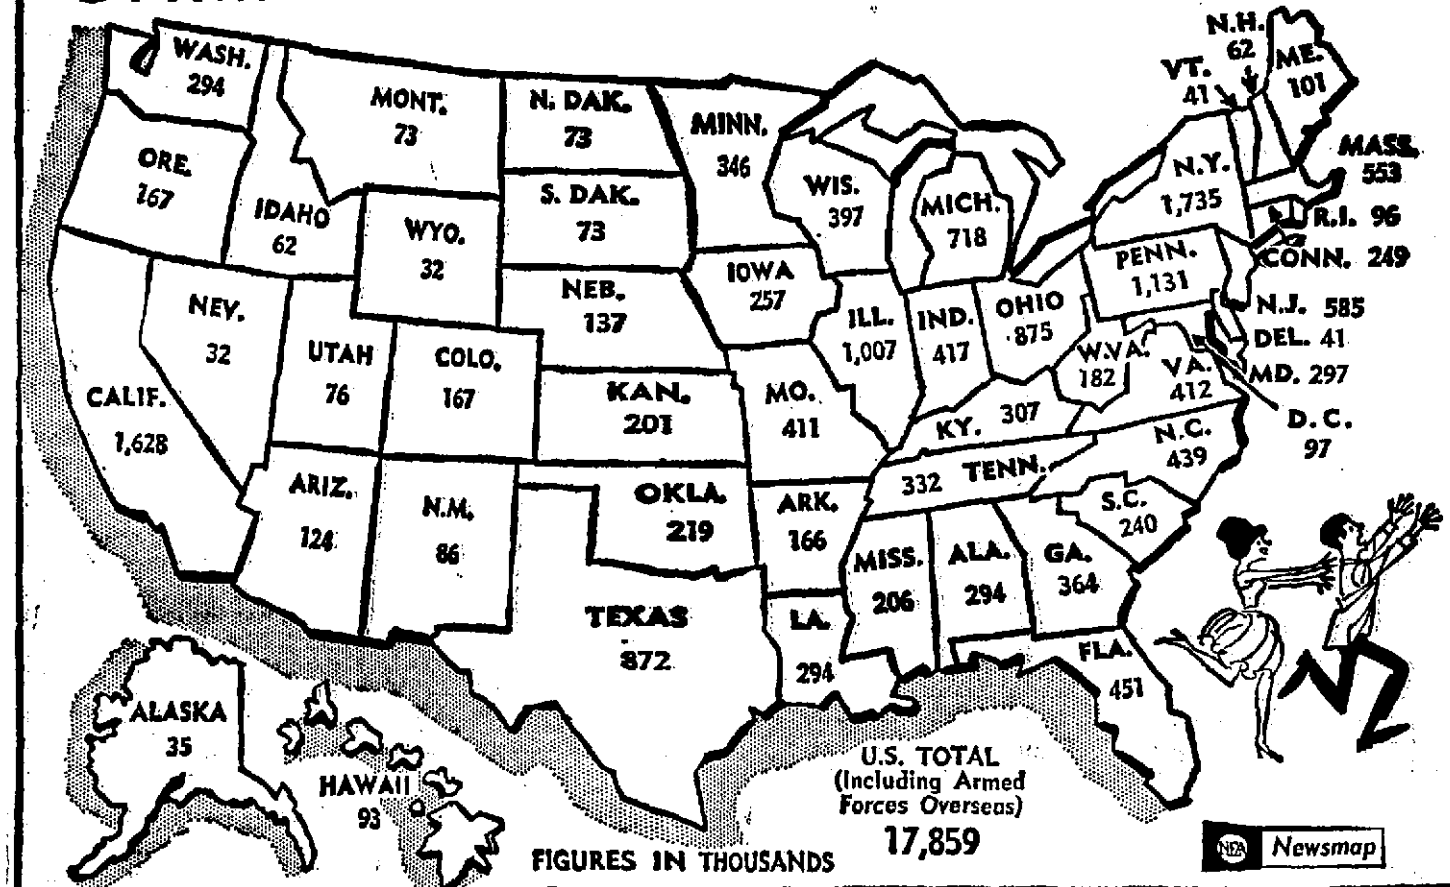

### Court in Session

LITTLE ROCK (AP)—The Arkansas Supreme Court returned from summer vacation Monday but handed down no opinions. The court received a backlog of petitions, motions and new appeals, heard oral arguments and adjourned. It will reconvene at 9 a.m. next Monday.

**BULLY BOYS OF SPAIN**—Big event of the year in the Spanish city of Pamplona is the annual "running of the bulls." Each morning during the week of the Festival of San Fermin, bulls are run from the corrals outside the city through the narrow, crowd-lined streets leading to the Plaza del Toros (bull ring). Young men of the city prove their bravery by running before the bulls, raising dust and havoc as they go. Surprisingly, there are few serious casualties, either among bulls or humans.

## UNMARRIED MEN IN THE U.S.A.

**WHERE THE BOYS ARE**—The number of unmarried men in the United States (single male 15 years and over and all widowed or divorced men) has been increasing steadily since 1952. Starting from a post-World War II low of 15.4 million, caused by the wartime marriage boom, the number has climbed to nearly 17.9 million today. By the end of 1964, unmarried men are expected to exceed their previous peak of 19.3 million, set in 1940, and may reach 24 million by 1975. Newsmap, based on data from Metropolitan Life Insurance Co., shows the number in the 50 states. Facts about this unmarried male population:

- About 68 per cent of them live in urban areas.

- The four largest states—New York, California, Pennsylvania and Illinois—account for 31 per cent of the country's total.
- Widowers comprise 15 per cent of the unmarried male population in Arkansas, Missouri, Florida and New Hampshire, but only five per cent in Alaska.
- Divorced men are 20 per cent of the total in Nevada, only 3 per cent in South Carolina.
- At the time of the 1960 census, about 25 per cent of the unmarried men were in their twenties. Special note to women: Nine-tenths of the men who eventually marry do so between the ages of 18 and 29. California had the largest number of such men in 1960—about 600,000.

## Charleston Is Quietly Integrated

CHARLESTON, S.C. (AP)—Eleven Negro children sat down with white children in four Charleston public schools today, marking South Carolina's first school integration below the college level.

There were no incidents as the Negro students arrived for their first day of classes.

Only an occasional remark was heard as the 11 neatly dressed Negro children, some accompanied by their parents, strolled into the four previously all-white schools in this historic port city where the first shots of the Civil War were fired a century ago.

Fifteen Negroes also attended classes today for the first time in previously segregated Roman Catholic schools in Charleston.

Today's classes were expected to pass as peacefully as the abbreviated classes last Friday when five of the Negroes were registered at public schools.

A voluntary desegregation program was announced by Bishop Francis F. Reh of the Diocese of Charleston after U.S. Dist. Judge J. Robert Martin Jr. ordered the 11 Negroes admitted to public schools.

## Accident Fatal to Negro Driver

FORT SMITH, Ark. (AP)—Amanda Adams, 17, a Negro of Fort Smith, was dead on arrival Monday night at a Fort Smith hospital after the car in which she was riding ran off U.S. Highway 65 about five miles west of Fort Smith.

Two other passengers were injured.

## Vice President In Stockholm

STOCKHOLM (AP)—Vice President Lyndon B. Johnson flew into Sweden today on a 15,000-mile goodwill trip to Scandinavia. He called it "a mission of old friendship and new confidence."

Bringing the good wishes of more than a million Americans of Swedish descent and the personal greetings of President Kennedy, Johnson arrived at Arlanda Airport, 25 miles outside Stockholm.

Premier Tage Erlander and members of his cabinet greeted the vice president.

Erlander said he was sure Johnson's visit would strengthen the already close ties between Sweden and the United States.

## Khrushchev Ends Slav Vacation

BELGRADE Yugoslavika (AP)—Soviet Premier Khrushchev left for home today after a two-week vacation that appeared to have sealed his reconciliation with President Tito.

Khrushchev and Tito had a warm leave taking at Belgrade's airport.

In brief statements, they agreed their two weeks of talks had cleared the way for closer Soviet-Yugoslav ties.

The Communist Chinese again snubbed Khrushchev by sending only a minor embassy official to the departure ceremony. The anti-Yugoslav Chinese have violently opposed Khrushchev's reconciliation moves toward Tito's independent Communist regime.

### Power Mower Injury

NORTH LITTLE ROCK (AP)—Jerry M. Wilkins, 49, of North Little Rock, was pulling a power lawn mower backwards Monday when it picked up a nail and hurled it into his back. Wilkins reported to a North Little Rock hospital, where the nail, which had lodged near his spine, was removed. Wilkins was not hospitalized.

The Association of Comics Magazine Publishers was formed in 1948, and members adopted a code banning sexy, wanton comics, sadistic torture and other offensive material. In 1954 the Comics Magazine Association of America was formed. Its code prohibited torture, glorification of crime, salaciousness and insisted that the stories should show the triumph of virtue over vice.

## Affirms China Friendship

TOKYO (AP)—The Soviet Union told Communist China today there was no need for it to try to manufacture an atom bomb because it attacked it could count on Russian nuclear might under the friendship and mutual assistance treaty.

In a Japanese-language broadcast, Moscow Radio reiterated that despite Chinese-Soviet differences, the treaty remains in effect.

## Rockefeller to Buck Opposition

MORRILTON, Ark. (AP)—Winthrop Rockefeller state Republican National Committeeman, indicated Monday that he plans to buck his opposition in the state Republican Party.

The GOP executive committee passed five resolutions in a closed meeting Saturday aimed at Everett A. Ham, Rockefeller's aide, but the resolutions also limited Rockefeller's party activities to practically nothing more than corresponding with national headquarters.

I. Lee Potter, who heads Southern activities for the GOP, said in Washington Monday that one thing he knew about the Republican Party in Arkansas was that Rockefeller "has been a great help" to it "and to the national party."

Potter said he could say nothing else until he conferred with GOP officials in Little Rock.

"My interest remains in building a strong Republican Party in Arkansas," Rockefeller said. "I do not feel that the action of the executive committee reflects the grass roots feeling."

He said he had received several telephone calls and messages of support in any countermove he might attempt. He termed the committee's action a challenge and not a setback. He declined to say what his next move might be except to say that it would not be what the committee had ordered.

Rockefeller also declined to discuss the possibility that the restrictive action was promoted by backers of Sen. Barry Goldwater, R-Ariz., for the presidential nomination. Rockefeller's brother, New York Gov. Nelson Rockefeller, also is considered a top candidate for the GOP nomination for president.

## Five Escape at Spa, Two Recaptured

HOT SPRINGS, Ark. (AP)—Five men, including one charged with first degree murder, saved their way out of the Garland County Jail at Hot Springs Monday night, but two were recaptured shortly after the escape.

A sixth man had walked away from the jail earlier in the day. Police said today they were closing in on him in east Hot Springs.

Deputy Sheriff Mayben Talmage said all those still at large were considered dangerous. He said roadblocks had been set up and that all were believed to have remained in the county.

The five who escaped Monday night sawed through a barred, second-floor window and lowered themselves to the ground with a rope fashioned from their blankets.

The escape, which occurred between 10 p.m. and midnight, was discovered during a regular check by night radio operator "Shorty" Renegar.

All the escapees were being held for trial in Garland Circuit Court. Talmage said Louis Childers, 41, and Claude R. Hughes, 25, both of Hot Springs offered no resistance when captured at the home of a friend in Hot Springs about 3 a.m. Childers was being held for robbery; Hughes for burglary.

Still at large were Dennis Hudson, 30, a Negro of Hot Springs who was charged with first degree murder in the fatal beating of an elderly Negro man last April; Ralph Mackey Fitzhugh, 34, of Hot Springs charged with five counts of burglary; Robert Hall, 41, of Hot Springs charged with burglary, grand larceny and possession of burglary tools; and Lee Gustafson, 31, a Negro of Hot Springs, charged with burglary and grand larceny.

Jordan, a trusty, walked away from the jail earlier Monday.

HOT SPRINGS, Ark. (AP)—Five men, including one charged with first degree murder, escaped Monday night from the Garland County Jail.

Another prisoner, Lee Jordan, 31, a Negro of Hot Springs, was missing but did not participate in the escape. Jordan a trusty charged with burglary and grand larceny, apparently walked away from the county jail earlier Monday.

All of those who escaped were being held for trial in Garland Circuit Court. They escaped by sawing through a barred, second-floor window and lowering themselves to the ground with a blanket-rope.

## Will Air Pakistan, U. S. Relations

RAWALPINDI, Pakistan (AP)—With a message of friendship for Pakistan, Undersecretary of State George Ball arrived today for talks dealing with strained U.S.-Pakistan relations.

As Ball scheduled a meeting with President Mohammed Ayub Khan, Pakistani officials met with a Chinese Communist delegation to complete a barter trade agreement.

One reason President Kennedy sent Ball to Pakistan was Pakistan's swing toward closer relations with Red China. Ayub Khan was angered by the big arms aid the United States granted India—his old enemy—after Red China attacked on the Indian frontier last fall.

Potter said he could say nothing else until he conferred with GOP officials in Little Rock.

"My interest remains in building a strong Republican Party in Arkansas," Rockefeller said. "I do not feel that the action of the executive committee reflects the grass roots feeling."

He said he had received several telephone calls and messages of support in any countermove he might attempt. He termed the committee's action a challenge and not a setback. He declined to say what his next move might be except to say that it would not be what the committee had ordered.

Rockefeller's brother, New York Gov. Nelson Rockefeller, also is considered a top candidate for the GOP nomination for president.

## Two Rescued Miners Out of Hospital

HAZLETON, Pa. (AP)—David Fellin and Henry Throne return home today after a week in a hospital recuperating from 14 days entombment in a mine cave-in. One fellow miner Louis Bova remains lost and the state virtually has abandoned hope of finding him alive.

Fellin, 58, and Throne, 28, said through a spokesman they were relieved by the failure to find "our buddy."

State authorities after drilling 15 futile shafts and sending down a man, were exploring three different routes to reach Bova, 54, entombed more than 300 feet underground—the coal mine caved in Aug. 13. Bova reportedly injured, was separated from Fellin and Throne by debris.

They do not plan to send another man down an escape shaft drilled Sunday because it is unsafe.

H. Beecher Charnbury, state secretary of mines, said Monday night, "It would take a minimum of 120 days to reach Bova, regardless of the method used."

"It's all over as far as a rescue is concerned," said Charnbury's deputy, Gordon Smith.

A brother of Bova, Dan, said: "Well I can only say this. If he was still alive, by the time they reach him it will be too late."

A sister-in-law, Marie Bova, said the miner's father, Joseph Bova, hadn't been told that the state has virtually abandoned hope.

But she added, "He (the father) is of the opinion that it seems impossible he could be living after all these days."

Marie quoted Bova's wife, Eva, as saying she is not going to give up hope—"She still hopes for a miracle."

The spokesman for Fellin and Throne said they planned to issue a statement today thanking everyone who participated in their rescue.

Charnbury's decision not to send another volunteer into the new 22-inch escape shaft came after a yard-long, three-dimensional electronic camera took dramatic pictures at the bottom of the 300 foot shaft near where Bova is believed to be trapped. The camera reportedly disclosed there was no room there for a man, alive or dead.

The Fellins plan to go away to an undisclosed vacation retreat over the weekend.

Throne hadn't made any plans except that he'll go back to work in the tavern owned by his wife.

## Six Die in State Holiday Wrecks

By THE ASSOCIATED PRESS

Six persons died in traffic accidents in Arkansas over the Labor Day weekend which ended at 6 p.m. Monday.

Two persons drowned, one man died when he was struck by a train and a Blytheville youth was killed when struck by a golf club on the Blytheville Air Force Base golf course.

No traffic fatalities were recorded in Arkansas through 6 p.m. Monday.

## Escape Try Fails in Georgia Prison

REIDSVILLE, Ga. (AP)—An escape attempt of three prisoners armed with homemade knives left the big Reidsville State Prison in turmoil today.

A blast from a tower guard's shotgun halted the would-be prison break but State Prison Director Fred Hallford said a major disturbance followed.

"It's a full insurrection," said Hallford from Atlanta where he hurriedly arranged for outside help to restore order.

Forty state troopers were ordered to the prison.

The prison director said two prisoners and a guard were hospitalized as a result of the attempted break.

Hallford estimated that 2,000 of the prison's population, of 3,071 were involved in a screaming outburst of fury.

Several guards, he reported, were assaulted with metal posts wrenched from prison beds. None, however, was seriously hurt, he said.

Tear gas was poured into the prison dormitories to subdue the rebellious inmates.

## President Heads Back to Capital

WASHINGTON (AP)—President Kennedy flew back today from his Cape Cod holiday ahead of the previously indicated schedule.

An apparent factor in the speedup was the new Alabama crisis over the school desegregation segment of civil rights policies which Kennedy concedes have been politically costly.

The presidential jet plane landed at Andrews Air Force Base Md., after a flight from Otis Air Force Base, Mass.

Earlier the White House had indicated the Labor Day weekend at Hyannis Port, Mass., might extend until Wednesday. Kennedy flew to the summer White House last Thursday.

## Congress in 9th Month of Session

WASHINGTON (AP) — Congress lingers into the ninth month of its session today and most of the big battles still lie ahead.

Usually by Labor Day, Congress is breezing down the home stretch. This year it has a thicket of legislation to clear away.

Many members fear they'll still be around after the leaves fall and the snow flies and the Christmas decorations go up.

On the long, probably bumpy road ahead are such controversial issues as a tax cut, foreign aid spending, the limited nuclear test-ban treaty—and the civil rights program which promises to trigger a Southern filibuster in the Senate.

The House planned no business this week, continuing until Monday a sort of informal Labor Day recess.

To clear the deck for expected debate next week on the nuclear treaty, the Senate was scheduled to take up President Kennedy's request to broaden the 1962 Manpower Training Act which established a program of vocational schooling to teach skills to unemployed persons or retrain them for new jobs.

The administration considers the program important in its effort to combat unemployment in general and to train Negroes for better jobs.

When the manpower act was passed it provided for federal funds to pay the full cost in the first two years. However, there was to be 50-50 state matching in the third year, starting July 1964.

So far, however, only four states have passed legislation to carry out the matching funds requirement—Connecticut, Kansas, Montana and Tennessee. Legislators of 25 states which have not acted do not even meet in 1964.

The bill before the Senate would not only provide for the federal government to pay the entire cost of the third year but would authorize an additional \$161 million in U.S. funds to cover the states' share.

## Petit Jean Church Open to Negroes

LITTLE ROCK (AP) — Bishop Robert R. Brown of the Episcopal Church said Monday the church's facilities at Camp Mitchell on Petit Jean Mountain near Molton were opened to Negro children this year for the first time.

Bishop Brown said a Negro boy won the Bishop's trip this summer. He said Negro adults have been attending the camp on weekends for the past three years.

## Expenditures in State

LITTLE ROCK (AP) — Capt. James M. Hall, deputy procurement officer at the Little Rock Air Force Base, says the installation spent \$310,213 in Arkansas during the month of August, including \$172,104 at Little Rock, \$28,428 at North Little Rock, \$72,802 at Jacksonville and \$36,869 elsewhere in Arkansas.

## DOROTHY DIX

A DIFFERENT RELATIONSHIP

By HELEN WORDEN ERSKINE

Dear Helen: I'm completely bewildered and desperately need help from some one. The boy with whom I've been going steady for seven months told me last night that he loved me with all his heart and wants to marry me next year. I don't dare tell my parents because they aren't too fond of him. I think we should wait three years to be sure we really love one another. I am 17, he 18.

How can we, who are so young, be sure? His proposing puts our relationship on a different basis. Suddenly we're both very self-conscious. Please help us. —L.

Dear L.: The younger you are the more difficult it is to be sure. On the other hand, age is no guarantee of sureness. Certainly is a relative quality and one that can change very quickly too. If you have any doubts or reservations, then you aren't sure. Before trying to make up your minds about the most important decision of your lives, you and your boy friend should have a realistic understanding of each other's basic personalities. This is a stiff requirement and cannot be satisfied by the superficial knowledge you get from steady dating for seven months.

Each one of you has to be old enough in years and experience, and mature enough emotionally, to know yourselves first. I think the chief reason so many marriages go on the rocks is that the principals don't know themselves, let alone each other. If either of you think the other perfect, then your love is blind because no human being is perfect.

Do you have common interests outside of each other? Are you in agreement on fundamental values? Do you see eye to eye on money matters? Differences in attitude toward money is one of the principal causes of marital unhappiness. You don't mention your economic situation which should be a very important factor in your decision. Both of you need all the education you can get before you're ready for jobs.

Is there any justification in your parents' disapproval of this boy? I know that young people tend to discount parental opinion, and sometimes they're right. But mothers and fathers have had more experience and, therefore, are usually better qualified to estimate their children's chance of happiness, which, after all, is the goal of all parents. For more food for thought, send a stamped self-addressed envelope for my leaflet "Are You Sure It's Love?"

Dear Helen: Is it possible for the baby of an unwed mother to take the name of its father? My soon-to-be-born baby is by a married man. He is not leaving his wife but says he will give the child his name. Is that legal? — Worried and Mixed-up

Dear Worried, Yes, it's legal for a child to bear his father's name.

Dear Helen: I wanted so much to marry this man but there was so much against it—religion, family relationship, age, that we decided to say goodbye. I loved him and goodbye was terribly hard to say and mean it.

But time heals. Now I've met another man whom my parents favor and our wedding date has been set. Would it be all right to send the first man an invitation? I don't want to hurt him. They say he has never looked at another girl. I'm still very fond of him. —A. W.

Dear A. W.: It would be quite all right to send the other man an invitation to your wedding.

Have you a problem? Perhaps Helen Worden Erskine can help you. Write her in care of this newspaper, enclosing a stamped, self-addressed envelope.

## China Accuse Russia of U.S. Deals

By CONRAD PINK  
Associated Press Staff Writer

TOKYO (AP)—Red China has accused the Soviet Union of talking Communist secrets to Washington in a long-standing effort to bar Peking from the nuclear club.

Peking Radio said Sunday Moscow informed the United States some time ago that the Soviet Union was reneging on an agreement to help the Chinese start manufacturing nuclear weapons.

Billed as a statement by a government spokesman, it was one of the angriest Chinese tirades yet in the months of name-calling between Peking and Moscow. At one point, Peking Radio even compared Soviet propaganda to that of Hitler's Germany, a charge hitherto reserved for attacks on the West.

The broadcast said the Soviet decision to scrap its pledge of nuclear aid to Red China and the purported leak to Washington constituted "a gift to the United States."

When Peking announced Aug. 15 that the Russians had broken their 1957 nuclear aid pledge, enraged Soviet leaders said the Chinese had divulged confidential documents and defense information about Communist countries, the broadcast recalled.

Speaking directly to the Russians, Peking declared:

"Please do not pretend innocence. You know very well that long before we published our last statement (on Aug. 15) you told the Americans the secrets between China and the Soviet Union concerning nuclear weapons."

With a goal of preventing Red China from obtaining nuclear weapons, the "Soviet leaders have colluded with the U.S. imperialists," Peking said.

The Chinese gave no indication of when the Soviet leaders were supposed to have told Washington of their decision to withhold technical assistance from Chinese nuclear scientists. The withholding began as far back as 1959, the broadcast said.

However, there are indications the Russians might have tipped U.S. officials this summer.

Up until January, U.S. military men were saying they expected the Chinese to detonate a nuclear device in the foreseeable future although Peking, probably would not have missiles and planes to deliver warheads for a long time.

By summer, however, a change had taken place in public pronouncements by U.S. officials. On July 29, U. S. Undersecretary of State W. Averell Harriman in Washington quoted Premier Khrushchev as saying it would be "a long, long time" before Red China developed "a nuclear capability of any importance."

Peking's broadcast also charged that Moscow has been unable to justify its signing of the limited nuclear test ban treaty with the United States and Britain.

She plans to enter Philander Smith College, Little Rock, Ark., in September to pursue a degree in Social Work.

### McKinley Wins, Talks of Pro Fling

By WILL GRIMSLEY Associated Press Sports Writer FOREST HILLS, N.Y. (AP)—Chuck McKinley is interested in taking a fling at pro tennis, but there are a couple of jobs he wants to complete before he starts talking tennis.

"I want to win the national championship and I want to help bring the Davis Cup back from Australia," the aching-back Wimbledon king said today. "I hope I can do both this year."

"Then I may be a big enough attraction that they would make me an attractive offer. I'd be foolish to say I wouldn't listen, but I promise you, I wouldn't come cheap."

McKinley, 22, whose bid for the national men's crown hung by a slender thread Saturday when he tore a muscle in his back, is still alive at the West Side Tennis Club after a 6-2, 6-4, 6-3, second-round victory over Jiri Javorsky of Czechoslovakia.

McKinley will not be on the squad which faces Venezuela in the American zone final at Denver Sept. 13-15—he has made a previous tournament commitment and he is not figured to be needed anyhow—but he'll be the spearhead the rest of the way. The Americans next play England at Bournemouth Sept. 26-28 and then, if successful, go to India and on to Australia.

### All About Dogs

Comrades in Arms

"Now is the time for all good men—and dogs—to come to the aid of their country."

In one form or another this call to arms is a lot older than the first typewriter. Eons before the establishment of political states, cave-broken canines helped primitive man defend his home and family against marauders.

As man's battles grew more organized and complex, so did the role of his war dogs. According to dog authority Clarence C. Fawcett of the Purina Dog Care Center, St. Louis, Mo., "packs of armored dogs studded with spikes and razor-sharp blades were sent rampaging into enemy lines. The Painted Furch of the Acropolis at Athens shows a man and dog who fought side by side at the Battle of Marathon."

Cesar, Alexander the Great and Napoleon were all advocates of four-legged fighting forces. In fact, Charles V of Spain was so enthusiastic about his war dogs he held them up to his troops as examples of courage and loyalty.

In 1942, the U. S. Army established the K-9 Corps, which trained more than 10,000 dogs for patrol, guard and medical corps duty. Germany, Russia, England and France also recognized the dog's usefulness in times of strife. All had formidable canine units. Thousands of wounded soldiers were located by Red Cross dogs.

Today, there are 4,000 dogs serving with our Army and Air Force. They are proving to be alert and faithful sentries, especially at missile sites and highly secret bases.

### Arkansans Killed in Missouri

FARMINGTON, Mo. (AP)—Two Arkansas residents were killed and six others injured Monday in a head-on collision seven miles south of Farmington on U.S. Highway 67.

Killed were Mrs. Josephine Smith, 64, of Jonesboro, Ark., and Mrs. C. E. Miles of Bono, Ark. The Missouri Highway Patrol said they were passengers in a car driven by Kenneth Smith, 22, of Jonesboro. He suffered multiple cuts of the face and head and a severe chest injury.

Smith's wife, Mary Lou, 22, suffered face and head cuts and a broken ankle. She was hospitalized in critical condition.

William Smith 14, and Johnny Smith, both of Jonesboro, also were riding in Smith's car and were injured. They are Smith's nephews.

Injured in the other car were Edward Cooper and Harold Francis both of Fredericktown, Mo.

### Seebies Elect

By THE ASSOCIATED PRESS FORT SMITH, Ark. (AP)—Charles Mullinix of Tupelo, Miss., has been elected president of the 66th Navy Seebies Association. Other officers are P. C. Renshaw of Vernon, Miss., vice president; and John Chandler of McMora, Tenn., secretary-treasurer.

Margaret Smith of Australia striving to add the U.S. National to her Wimbledon crown, advanced easily over Janie Albert of Peble Beach, Calif. 6-2, 6-1. Darlene Hard of Montebello, Calif., seeded No. 2 behind Miss Smith ousted Monique Salfacti of France 6-1, 7-5.

### Legal Notice

The annual school election will be held by the qualified electors of Saratoga School District No. 9 and 11 of Howard and Hempstead Counties on Tuesday, September 24, 1963, between the hours of 8:00 a.m. and 6:30 p.m. The electors will vote a school tax of 40 mills to be levied for debt service and general fund for the operation of schools of said district, for one board member to be elected for Post No. 1 for a period of five years, and for one member of County Board of Education from Zone No. 3 for a period of five years.

The polling places in the district will be the same as heretofore designated.

### Profiles of Porker Players

By THE ASSOCIATED PRESS TOMMY BRASHER is one of Arkansas' three foremost candidates for All-America this season. The others are end Jerry Lamb and center - linebacker Ronnie Caviness. The 195-pound Brasher, a native of El Dorado, is considered a prime reason for the pre-season respect accorded the Razorback defense. Brasher racked up 38 tackles or assists last season and was a top performer in the Sugar Bowl.

JAMES FINCH was second only to Jerry Lamb in pass receptions last season. He grabbed 11 passes for 126 yards, including three in the Baylor game, and some of his better catches rivalled those spectacular nabs by Lamb. The combination of Finch, Lamb, Jim John and Jim Grizzle gives Arkansas probably unmatched strength at end. Finch, a 195-pounder, is from Forrest City.

STAN SPARKS took up the defensive monster-man role last season like he was bred for it. He saw little action on offense, but he made up for it with extra aggressiveness on defense, counting six unaided tackles, 25 assists, two fumble recoveries, three passes broken up and a blocked punt. The 195-pounder is from Amarillo, Tex., and could follow George Walker in the wingback role.

BOBBY REYNOLDS was second to only George Walker in ball carrying last year among the players returning to the Arkansas camp this year. He caught only one pass (for 14 yards) but he rattled off 36 carries for 131 yards, playing both fullback and tailback last season. In spring work he was back at fullback and is expected to give Jerry Jones a tough fight for the job of replacing Danny Brabham. He weighs 185 and is from Fort Smith.

### Baseball

Major League Stars By THE ASSOCIATED PRESS BATTING — Ron Santo, Cub collected grand slam homer and bases-empty homer in 4-for-8 performance, driving in seven runs in 7-5 and 6-0 doubleheader sweep that dropped third-place San Francisco 9½ games behind National League-leading Los Angeles.

PITCHING—Jim Maloney, Reds, won 20th game with three-hit, 13-strikeout performance that shut out New York Mets 1-0 in second game of doubleheader. Mets won opener 5-3.

XXVI The more I heard about the race, the more unlikely it appeared that I would win.

Sometimes, when I got off to where without interruption I could look the whole deal over, I would almost have sworn I was the picked-out victim of some monstrous conspiracy.

Even the weather had gone naggingly against me. The heat was ferocious. Except for that one useless storm we'd had nothing but sun and blistering winds. The three inches of grass that had come up in its wake was beginning already to turn lifeless and wilt.

I was certainly not happy with the galoot Shirl had picked to work on those unbroken Waggoner horses. Sancho Daguerrias had most of the earmarks of what is called in the East a cheap race-track tout. He didn't look to be able to make 90 pounds wet, and appeared devious and shifty as a sackful of snakes.

You buyin' talent or looks? Shirl snarled, for five bucks a day you reckon to get Lillian Russell! This guy's been a jock, right up in the Big Time—New Orleans, Narragansett—you name it, he's been there! Ain't a trick in the book this feller ain't hep to."

All I want is an honest ride. Shirl said to me, scowling: You better take him an' like it. You got a hoss an' two thousan' at stake in this go-round!"

I clamped shut my mouth but I was a long way from liking it, and the longer I watched the more steamed up I got.

There wasn't much doubt but what the man knew his job. He spent the whole first morning of what time I was out there, just squatting, occasionally doodling in the dust wit' a bony nicotine-stained finger while he sized up the geldings Dorrus' hands had run in. Every little while he'd have the boys stir them up. After grub we went back and one of the hands roped Granite for him, moving the big gray around on a halter.

I finally went up to them curi-

### Will Promote Lake Safe Driving

HEBER SPRINGS, Ark. (AP)—Mac Troy, 20, and Gypsy Stark 19 both of Heber Springs began hitching to Little Rock Monday to promote Greers Ferry Lake and safe driving.

They wore signs reading: "Drive Safely" and "Visit Heber Springs and new Greers Ferry Lake."

They were to present Gov. Orval E. Faubus a jug of water from the lake today.

The youths left Heber Springs at 12:01 a.m. Monday and said they expected to be in Little Rock 38 hours later. They planned to follow state Highway 25 and U.S. Highway 65 on their 78-mile trek.

### Colds Big Cause of Absentees

LITTLE ROCK (AP)—The Schering Corp., a leading pharmaceutical firm, reported Monday that the common cold is the most common cause of absenteeism in Arkansas schools.

A report based on National Education Association statistics and compiled by Schering Corp. showed Arkansas pupils missed an average of 19.6 days of school during the 1962-63 school year.

## Mays, Giants Collapse Before Braves

By MIKE RATHET

Associated Press Sports Writer

Willie Mays is woozy, and the Giants are dead.

Both collapsed during a Labor Day doubleheader at San Francisco. Mays from exhaustion and the Giants from an overdose of Ron Santo's slugging and the pitching of Dick Ellsworth and Glen Hobbie.

Ellsworth became the first Chicago Cub pitcher since 1945 to post 20 victories by winning the opener 7-5 before Hobbie put the finishing touches on the doubleheader sweep and the Giants' pennant chances with a two-hit, 6-0 second game victory.

Santo, meanwhile, went 4-for-8 with seven runs batted in for the twin bill, hitting a grand slam homer and solo shot in the nightcap as the defending champion Giants fell 9½ games behind National League-leading Los Angeles.

The Dodgers remained six games in front of second-place St. Louis, whipping Houston 7-3, as Sandy Koufax won his 21st, and 7-1. The Cardinals kept pace by downing Pittsburgh 6-1 and 6-2.

Milwaukee closed to within one-half game of the Giants despite a 9-4 loss to Philadelphia and Cincinnati gained a doubleheader split with New York, winning the nightcap 1-0 as Jim Maloney won his 20th with a three-hitter after the Mets took the opener 5-3.

Whitey Ford became the American League's first 20-game winner as the New York Yankees beat Detroit 5-4 before a 2-1 second-game loss. Minnesota defeated Kansas City 6-2 and 3-1 and Boston took two from Baltimore 4-3 and 2-0. The Los Angeles Angels edged the Chicago White Sox 7-5 before dropping an 8-7 decision and Cleveland drubbed Washington 13-3, then lost 8-7.

Mays, the Giants' \$100,000-a-year center fielder, suffered a dizzy spell and dropped to one knee after fouling off a pitch in the fourth inning of the opener. He was examined by Dr. E.C. Sailer and sent home to rest.

Dr. Sailer said Mays hitting .301 with 32 homers and 88 runs batted in, should be back in action today. "He just told me he was tired and felt weak," said Dr. Sailer. "He had no blurry vision or anything like that. I advised him to get some rest and prescribed a sedative."

Ellsworth, a 20-game loser last year, brought his record to 20-7 in the opener with Lindy McDaniel's relief help. The Cubs snapped a tie in the fifth with three runs—two on a fly by Billy Williams that fell for a double when shortstop Jose Pagan and left fielder Cap Peterson collided. In the night cap, Hobbie, 6-9, allowed only a third-inning single by Felipe Alou and a triple by Willie McCovey in the ninth.

Koufax, 21-5, struck out 13 for a 25th total, moving to within 10 strikeouts of his own season record for a left-hander. The Dodgers put it away with a four-run fourth in which Tommy Davis and Frank Howard contributed

**SELDOM SEEN**—A triple dead heat is a rarity and a three-way tie in a daily double race was unheard of until these horses hit the wire together at Arlington Park in Chicago. Royal Redress, in center with Sidney LeJeune up, brought \$95. Mr. S. Chance, 7, with Herbert Hinojosa in the irons, rewarded backers \$24.20. Livingston, Larney Hansman aboard, paid \$43.

**COLLISION COURSE**—This one isn't as close as it looks. Actually there is plenty of clearance as Vitesse, a 45-foot sloop, overtakes two smaller rivals in the Edison Boat Club's regatta on Lake St. Clair off Detroit.

### Packers Roll to 4th Win Straight

By THE ASSOCIATED PRESS

The Green Bay Packers are still the Green Bay Packers, which means masters of the New York Giants and the rest of the National Football League.

Where that puts the College All-Stars is problematical, but it puts the Packers squarely atop the scramble as the 14 NFL teams move closer to their season opener 12 days from now.

The Packers, rolling to their fourth victory since that ignominious 20-17 loss to the Colts on a hot night in Chicago a month ago, smacked the Giants 24-17 before a roaring, sellout crowd of 42,327 at Green Bay Monday night.

It was the champs' seventh straight victory over the Giants, the team they whipped in the NFL title game the last two years, and their 23rd pre-season game without a loss against NFL opposition. A grind-it-out second half did the job for Green Bay this time after

doubles and Willie Davis smacked a triple. Johnny Podres, 12-10, and Ron Perranoski held the Colts to five hits in the second game while John Roseboro hit a two-run homer.

### Mantle Is Back, Mays Is Ailing

By THE ASSOCIATED PRESS

Willie Mays and Mickey Mantle, baseball's only \$100,000-a-year players, added to their medical history Monday in an ironic double play.

Mays, the wide-ranging San Francisco center fielder, suffered a dizzy spell and was sent home from a doubleheader against Chicago about two hours before Mantle, hard-hitting New York Yankees center fielder, made his first start since June 5.

A year ago this month, Mays collapsed of nervous exhaustion before a game at Cincinnati while the Giants were battling for the National League pennant. This time, with the fading Giants at home, Mays dropped to one knee after fouling off a pitch with the bases loaded in the fourth inning of the opener against the Cubs.

Mays was taken to the clubhouse by Dr. E. C. Sailer, who said Mays should be back in action today.

"He just told me he was tired and felt weak," said Sailer. "He had no blurry vision or anything like that. I advised him to get some rest and prescribed a sedative."

Mays, hitting .301 with 32 homers and 88 runs batted in, said he had been tired since Friday but did not reveal the situation. Prior to missing the nightcap against the Cubs, he had played in all but one of the Giants' games.

Mays was out of action for several days after collapsing last year at Cincinnati. He underwent extensive hospital tests during the off-season but nothing wrong was found with his health.

Meanwhile, Mantle, working on a carefully designed timetable expected to get him in top shape by World Series time, opened at center field for the American League-leading Yankees in the second game of a doubleheader at Detroit.

Mantle, who had appeared in only 46 of the Yankees' 137 games, was making his first starting appearance since he broke his foot June 5 while crashing into a fence at Baltimore. Since then, Mantle has made 10 pinch hitting appearances, slugging two homers and collecting three walks. He made out five times.

Mantle hit into a double play as a pinch hitter in the opener against the Tigers, then walked and was thrown out on an attempted double steal his first time up in the nightcap. He later collected two singles.

## Yankees Tune Up for Another World Series

By JIM HACKLEMAN

Associated Press Sports Writer

It was only Labor Day, but it had all the looks of a World Series tune-up for the New York Yankees.

Whitey Ford went seven innings plus in posting his 20th victory and Mickey Mantle was back in the starting line-up.

It happened in Detroit Monday as the Yankees held onto their American League cushion of an even dozen games with a doubleheader split against the Tigers.

Ford became a 20-game winner for the second time in his 12-season career in the opener, taken by the Yanks 5-4. Mantle was a starter for the first time since June 5 in the second game, a 2-1 squeaker won by the Tigers behind left-hander Hank Aguirre's neat pitching.

J. C. Martin's two-run double in the last of the ninth inning gave Chicago's second-place White Sox an 8-7 decision over Los Angeles and a doubleheader split against the Angels. Los Angeles ripped out 15 hits in capturing the opener 7-5.

Minnesota put on another power show and climbed to within one-half game of the White Sox by knocking off Kansas City twice, 6-2 and 3-1. Boston dropped Baltimore in a pair, 4-3 as Bill Monbouquette won his 19th and 3-0 on the five-hit pitching of rookie Bob Hoffman; Cleveland and Washington blasted 12 homers in a split, the Indians romping in the opener 15-3 and the Senators squeezing by in the second game 8-7.

Sandy Koufax recorded No. 21 in the National League, while both Dick Ellsworth and Jim Maloney reached the 20-victory circle.

Koufax was the opening-game winner as Los Angeles' pace-setting Dodgers swept Houston 7-3 and 7-1. The Chicago Cubs beat San Francisco twice, 7-5 and 6-0, with Ellsworth winning the first game. Maloney threw a three-hitter and struck out 13 in Cincinnati's 1-0 triumph over the New York Mets, who trimmed the Reds in the first game 5-3.

Also in the NL—second-place St. Louis downed Pittsburgh 6-1 and 6-2, staying six games behind the Dodgers, and Philadelphia beat Milwaukee 9-4.

Mantle, out of action completely for two months with a broken foot and resultant knee trouble, had been confined to pinch hitting before his start in center field in Monday's second game. Mantle's loss hadn't been felt by the Yanks

## Travs Close Season With Double Win

LITTLE ROCK (AP)—Arkansas closed out its International League baseball season Monday night, clubbing Indianapolis 13-2 and then losing 4-1.

In other league games, Buffalo beat Jacksonville 8-7, Toronto trimmed Richmond 3-1, Atlanta shut out Columbus 2-0 and Rochester whipped Syracuse 7-2.

The second-game triumph by Indianapolis put the Indians in a tie for first place in the Southern Division with Atlanta. They meet tonight in Indianapolis in a playoff.

The Travelers finished third in the division 6½ games out of first place.

In the opener, the Travelers reeled off 17 hits, including doubles by Bobby Malkmus, Danny Cater, John Herrstein, Lee Elia and Al Kenders a triple by winner Dick Quiroz and a home run by Richie Allen—his 33rd.

Allen's homer outpied led the league, and he was first in runs batted in with 97.

Indianapolis strung five dribbling hits together in the second inning of the second game and got three runs—all they needed.

Mantle rapped two singles against Aguirre, who stifled several threats in turning in an eight-hitter. The Tigers overcame a 1-0 deficit with their two runs in the third inning against Stan Williams on Bill Bruton's double, Dick McAuliffe's bunt single, a sacrifice fly by Al Kaline and Rocky Colavito's single.

Joe Pepton's three-run homer against Frank Lary in the fifth inning of the opener broke a 2-2 tie and powered Ford to his 20th victory.
